Rew York, Oct. E. Ris u. m..—The market opened strong, and advanced during the morning hours, declining in the afternoon, the prices at the close shewing no material change from yesterday's closing. The announcement that the Pennayivania and the Baltimore and Onio Railroads had advanced freight and personger rates was accepted as the beginning of the ending of the controversies between the trunk-line railroads; that the close of navigation, practically very near, in view of the few contracts that could now be made with these canala, placed the railroads in such position that their laterest would demand concerted action. However, the temper of speculation was well tested when, on the rumor that Morgan had declined the Treasury portfolio, the selling was general, and the declined the advance of the morning. The short interest in the market is undoubledly very large, and it remains in the hands of the larger speculators, who, were they so inclined, could mark prices high enough to cause covering by shorts, and thereby give an impetus which would change the temper of speculation. Money was active in the afternoon, and was in demand at 6 per cent.

Cnly Half Alive.

There are hosts of men and women who, to coin a phrase, are only half alive. That is to say, they have seldom if ever any appetite, are nervous, weak, fidgetty, and troubled by numberless small pains and aches. In the presence of vigorous, expains and aches. In the presence of vigorous, exuberant vitality they seem mere pignies. Such persons are usually fond of frequently dosing themselves, swallowing in the course of the year enough drugs to stock any apothecary's shop of average dimensions. This of course defeats instead of furthering the end in view—viz., the recovery of health and vigor. Were they to seek it from an unfailing source of vitality. Hostetter's stomach Bitters, how different would be their case. Then vigor would return to their debilitated frames, the glow of leasth to their wan cheeks, their trembling, uncertain gait would grow firm and clastic, appetite, that grandest of all sauces, would give a reliab for the daily food, were it ever so coarse, and refreshing sleep would crown the tasks of the day.

SALES OF STALLS

CENTRE MARKET,

OCTOBER 22, at 11 o'clock.

These sales are required to be made by act of Congress, which says that the stalls and stands shall be let to the highest bidder at auction for a term of one or more years. Sales were made in 1872 for two years; in 1874 sales for three years more were advertised, but were prevented by an injunction in a lawsuit brought by the marketmen, which has lasted seven years and prevented a compliance with the law and The Supreme Court of the United States decided every question against the marketmen and in lavor of the Company, and the auction sales must now be made. The rentals of the stalls have been reduced by the Company so that after the discount of 20 per cent, made to purchasers at auction for prompt payment in advance, they will be monthly, on Butchers' single stalls, \$0.00, or \$14.00 on a half section of a stall and a half, or \$28.55 on a full section of three stalls; on Bacon stalls, \$7.25, or \$10.80, or \$21.00; on Butter stalls, \$5.40, or \$8.10, or \$16.20; on Hocksters' stalls (or equivalent stalls), in Seventh and Ninth street buildings, \$5.00, or \$5.40, or \$16.50; in B street buildings, \$4.20, or \$1.30, or \$12.60; on Fish stalls, will be of the right to occupy, if the purchaser chooses, for eighteen (15) years, until January 1, 1900. The Act of Congress provides that there shall be no by-bidding on the part of the Company, directly or indirectly, but that a minimum rate ceived. The minimums will be, on a Butcher's single stall, \$150, or \$255 on a half-section, or \$450 on a full section of three stalls; on Bacon and Butter stalls, \$129, or \$180, or \$200; on Hucksters' or equivalent stalls, \$100, or \$150, or \$300; on Fish stalls, \$300. This bonus will be payable \$25 cash down; 20 per cent., crediting the \$25, on taking possession, and balance in eight 10-per-cent, installments, payable semi-annually, with 5 per cent. Interest. No promissory notes or sureties for the bonus will be required, but the stalls will be the sole security; and if the marketman chooses to quit his stalls at any time he may do so, and any boup to him. The above bonus will, during the eight-

be obtained on application at the Company's Office. P. S. SMITH, Clerk Washington Market Company

amount paid for a single Butcher's stall; for a Bacon

or Butter stall, 56 cents; for a Huckster's or equiva-

lent stall, & cents; for a Fish stall, ill cents. The sales will be as in 1872, of the first, second, and subse-

quent choices of stalls in the several classes; and the highest bidder above the minimum for a choice can

select any stalls in the market of his class not provi-

ously sold or selected. Any combination or conspir-

J. M. W. HARTON, W. P. NEWCOMER, JOHN D. NEWMANN, 2011N D. NEWMANN, Experis on Flour.

Attest: Jas. S. Edwards, Marchal, P. S.—The above-mentioned Flour is CERES, the celebrated Minuscota Patent Process Flour, which was awarded the first premium against all other competitors at the National Fair in 1875 and 1889 (gold medal), and now again (a 1881. The competition in Flour was certainly a very lively one this year, and the premium was well confessed fir, but it was simply an impossibility to beat CERES, and the above premium inst awarded is only adding another triumph to the magnificent success this so celebrated Flour has gained in this community.

We would also respectfully mention the fact that Mrs. S. F. Anderson received the first premium for the handsonest rulls and biscutts on exhibition, and they were made of CERES FLOUR, which is only another proof that it stands A No. 1 among the best Minnesota Patent Flours known to the trade.
